Read

Exodus 13:17 -14:30

Questions to ponder

How do these factors in the Israelites' escape from Egypt inform our Christian faith and life today?

- Moses passed instructions from God to the people
- God did not take them by the shortest route
- The 'pillar of cloud' that went before them by day and the 'pillar of fire' that went before them by night
- The parting of the Red Sea
- The drowning of the Egyptian army
- The waters of the Red Sea returned after the Israelites had crossed over
